## EXPLORE YOUR OPTIONS WITH A GEORGIA & FAMILY-OWNED COMPANY

Yancey Rents is a Georgia-Owned Company that has been serving Georgia since 1997. The Parent Company, Yancey Bros. Co. has been serving Georgia Companies for over 107 years. We have a dedicated staff with industry experience to take care of your production needs. We carry Entertainment specific products including black aerial lifts & telehandlers, deck-over trailers, studio generators & HVAC, golf carts, light towers and more.

No job is too big or too small for you to take advantage of our quality equipment solutions. Additionally, our staff of professionals, who come from a production based industry, and our technicians are committed to providing exceptional customer service and equipment.

## POWER GENERATION & DISTRIBUTION

Yancey supplies sound-attenuated, emissions-certified generators and power modules, with complete on-site installation, monitoring, transportation, fuel service and factory-trained personnel for every event. Electrical and HVAC equipment is adaptable to local geographic, technical environments and operates at both 60- and 50-Hz power requirements. We provide efficient, environmentally sensitive equipment including its own innovative uninterruptible power supply technology, which broadcasts may require, and that further limits their carbon footprint.

**25kW-1000kW Movie-Silent Generators w/ Cable Distributions**  
**1600 amp Crawford Studio Generators**  
**Ramps & Ground Protection Mats**

## ENTERTAINMENT SPECIFIC EQUIPMENT

Whether you're wanting to clear out land for your next shoot or need a 120ft black condor with cable pulls, you should demand to only work with a supplier who knows their business.... and yours! Yancey Entertainment has both the knowledge of your business and the equipment to back it up from black condors, 5k-12k lifts, Utility Carts and so much more. We also have specialized equipment like Cat® Skid Steers & Excavators, Water Trucks, and Buses. Our experienced and skilled personnel are prepared to take care of you and the equipment so the show can go on!

**Black Condors**

## TEMPERATURE CONTROL

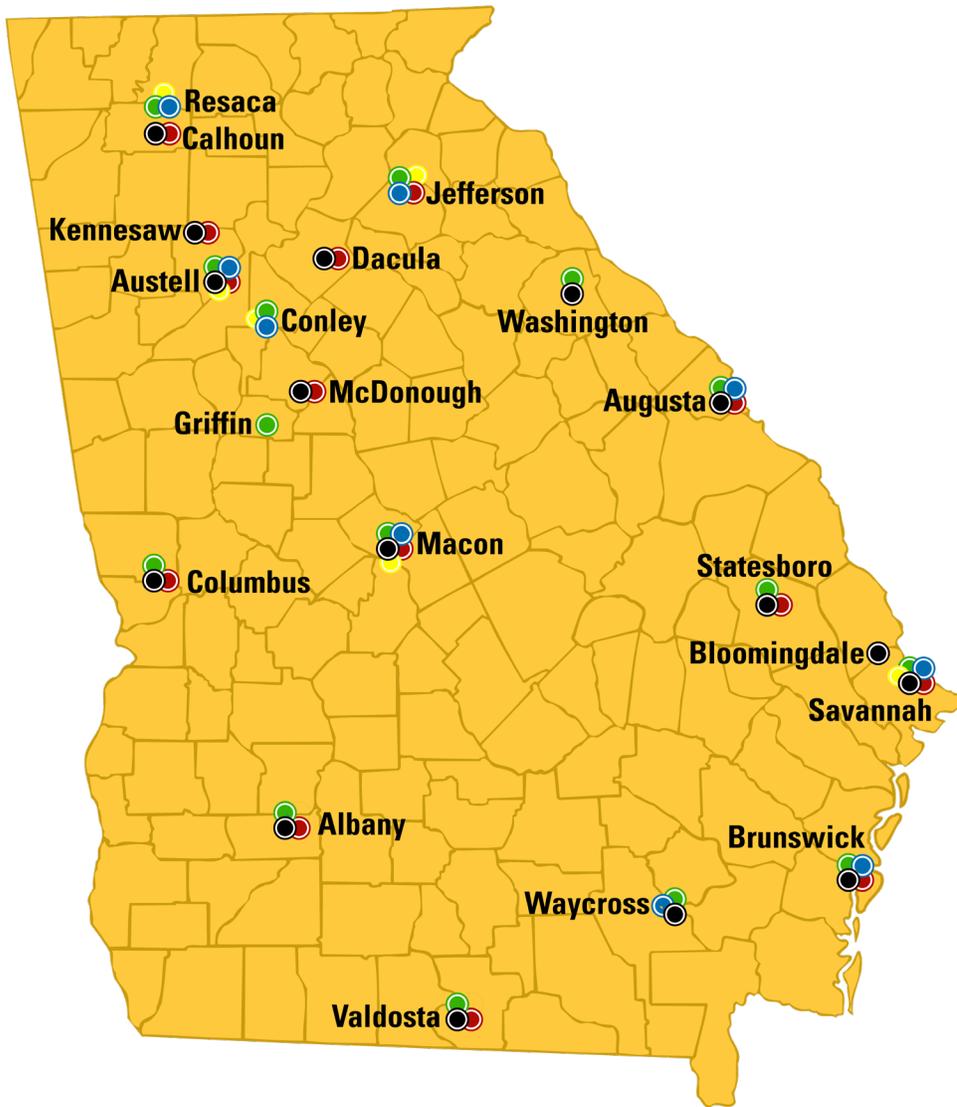

It doesn't matter if you need to cool a production tent, actors trailer or a warehouse for a shoot, we offer a wide range of temperature control equipment. Our fleet includes chillers, air conditioners, dehumidifiers, and cooling in both skid-mounted and trailer-mounted configurations to better serve these and other industries

Our temperature control experts will design, install, service, and operate a custom solution to meet your specific temperature control rental needs. We can also help your team develop a contingency plan to decrease your downtime in the event of an emergency – or an unplanned increase in utilization needs.

**1-5 Ton Spot Coolers**  
**10-80 Ton Air Conditioners**
